

YOUR IMPACT AT A GLANCE

Over the past 6 months, we have made meaningful connections with thousands of people through our Company Performances, Outreach Programs, and Dance School. Individuals in our community are thriving because they have a place where they belong.

"YOU PUT THE SHOCK BACK IN MALASHOCK!"

is what one long-time patron exclaimed after Every Dance Dances II. Our recent sold-out performances brought individuals together to innovate, create, learn, and share experiences. We make meaningful connections through dance. Malashock dancers, choreographers, donors, and supporters are part of a community where they matter.

Giving Back Through Outreach

From Kindergarteners at Washington Elementary, to third graders meeting common core math standards through dance, we have the pleasure of witnessing students light up with passion in classrooms throughout San Diego. Our programs are expanding to 10 more locations this year. Dance is for everyone!

Exponential Growth In School Enrollment

People thrive when they belong. First and foremost, we are committed to creating spaces where people feel welcome. Enrollment in our Dance School has grown by 250%. This growth is a testament to our dedication to inclusion. We are committed to providing scholarships so more students experience belonging.

"Amazing Experience for my Granddaughter!"

Classes challenged her but didn't overwhelm her. From the first day, my granddaughter has been enthusiastic and I have been rewarded with her joy. With Malashock's help, she has found that dance takes her beyond what she knew and toward what she now knows she can accomplish."
